

Instructional guide for downloading special tests performed at Orlant Clinic

We have updated our test download platform so that our users have greater ease in accessing their medical information. They will now be able to access their results quickly and securely from any device.

1. Initial Access

- Access the Orlant Clinic website www.clinicaorlant.com and identify on the home page the exam consultation option as seen in the image.

- Use your identification number as your user ID and also as your password to log in for the first time.

2. Change of Password

- Once you have logged in, the system will prompt you to set a personal password with information that is easy for you to remember.
- Create a secure password and confirm it according to the instructions the system will display.

3. Profile Exploration

- After configuring your password, access your profile.
- In your profile, you will be able to view the tests performed at our Institution.

4. Test Download and Printing

- Within your profile, **locate the tests** you wish to download.
- Select the download option to save the document to your device.
- If you wish, you can print the tests directly from the system.

Note: If you have any difficulties accessing or need additional support, please contact our user experience team through the official Clinic channels shared below.
